Event Profiles in Excellence

## SynchroDestiny

### A Weekend with Deepak Chopra & David Simon in Sedona

Deepak Chopra and David Simon

Extraordinary coincidences, events, and ideas come into our lives every day, orchestrated by the infinite intelligence that governs all creation. Perhaps your car breaks down in front of a small café you'd never noticed before. Later in the week you decide to eat lunch there and end up meeting your future husband at the next table. Or you might clean out a drawer and find a card from someone you haven't seen in years; later in the afternoon, out of the blue, that person telephones you.

Whenever these kinds of coincidences present themselves, you can dismiss them as meaningless or choose to recognize their amazing potential. In reality, life's coincidences aren't random occurrences in a chaotic universe— they are clues to fulfilling your deepest dreams and desires.

For more than a decade, Chopra Center co-founders Deepak Chopra and David Simon have taught thousands of participants at the Chopra Center's SynchroDestiny workshop the keys to harnessing the creative potential of coincidence. This May 1–4 they are coming to beautiful Sedona to lead this powerful exploration of the universal laws of attraction. This is a rare opportunity to share a magical journey with two renowned pioneers in the field of mind-body science. In a relaxed group setting, you will learn how to tap into the field of infinite possibilities and use the power of coincidence, karma, and intention to take your life to the next level.

In 2008 SynchroDestiny will be returning to the Sedona Rouge & Spa ([www.sedonarouge.com](http://www.sedonarouge.com)) a luxurious resort nestled in the healing energy of Sedona's ancient red rocks. The warm, welcoming staff and the tranquil atmosphere of this world-class hotel nurture the transformation participants experience at SynchroDestiny. You will be pampered and indulged as you learn how to achieve greater success and fulfillment with effortless ease.
